SAFETY DATA SHEET

1. Identification

Product Identifier:  Sodium Chloride Ophthalmic Solution, USP 5%
Synonyms:  Salt; Sea Salt
National Drug Code (NDC):  17478-623-12
Recommended Use:  Pharmaceutical.
Company:  Akorn, Inc.
1925 West Field Court, Suite 300
Lake Forest, Illinois 60045
Contact Telephone:  1-800-932-5676
E mail:  customer.service@akorn.com
Emergency Phone Number:  CHEMTREC 1-800-424-9300 (U.S. and Canada)

2. Hazard(s) Identification

Physical Hazards:  Not classifiable.
Health Hazards:  Not classifiable.
Symbol(s):  None.
Signal Word:  None.
Hazard Statement(s):  None.
Precautionary Statement(s):  None.
Hazards Not Otherwise Classified:  None.

Supplementary Information:  While this material is not classifiable as hazardous under the OSHA standard, this SDS contains valuable information critical to safe handling and proper use of the product. This SDS should be retained and available for employees and other users of this product.

3. Composition/Information on Ingredients

<table>

<td>5%</td>
</tr>
</tbody>
</table>

*The formula also contains Methylparaben, 0.23 mg (0.023%); Propylparaben, 0.1 mg (0.01%); Boric Acid, Hypromellose 2906, Propylene Glycol, Sodium Borate, Sodium Hydroxide and/or Hydrochloric Acid to adjust pH between 6.0 – 8.0, and Purified Water.
4. **First Aid Measures**

**Ingestion:** If a person vomits place them in the recovery position so that vomit will not reenter the mouth and throat. Rinse mouth with water. If swallowed, seek medical advice immediately and show the container or label. Treat symptomatically and supportively. Ensure that medical personnel are aware of the material(s) involved and take precautions to protect themselves.

**Eye Contact:** Remove from source of exposure. Flush with copious amounts of water for at least 15 minutes. If irritation persists or signs of toxicity occur, seek medical attention. Provide symptomatic/supportive care as necessary. Ensure that medical personnel are aware of the material(s) involved and are aware of precautions to protect themselves.

**Skin Contact:** Remove from source of exposure. Remove and isolate contaminated clothing and shoes. Flush with copious amounts of water for at least 20 minutes. Use soap. If irritation persists or signs of toxicity occur, seek medical attention. Provide symptomatic/supportive care as necessary. Ensure that medical personnel are aware of the material(s) involved and are aware of precautions to protect themselves.

**Inhalation:** Remove from source of exposure. Move individual(s) to fresh air. Give artificial respiration if individual(s) are not breathing and call emergency medical service. If signs of toxicity occur, seek medical attention. Provide symptomatic/supportive care as necessary. Ensure that medical personnel are aware of the material(s) involved and are aware of precautions to protect themselves.

**Protection of First-Aiders:** Use personal protective equipment (see section 8).

**Signs and Symptoms:** Not determined.

**Medical Conditions Aggravated by Exposure:** Hypersensitivity to any of the components of the product.

**Notes to Physician:** Treat supportively and symptomatically.

5. **Firefighting Measures**

**Suitable Extinguishing Media:** Use water spray, carbon dioxide, dry chemical, foam, or halon.

**Unsuitable Extinguishing Media:** Not determined.
**Specific Hazards Arising from the Chemical:**

**Hazardous Combustion Products:** Not determined.

**Other Specific Hazards:** No unusual fire or explosion hazards are expected.

**Special Protective Equipment/Precautions for Firefighters:** Wear self-contained breathing apparatus and full and protective gear.

6. **Accidental Release Measures**

**Personal Precautions:** Use personal protective equipment recommended in Section 8 of this document and isolate the hazard area.

**Personal Protective Equipment:** For personal protection see section 8.

**Methods for Cleaning Up:** Use personal protective equipment. Use absorbent material to solidify the spill. Shovel or scoop up solidified waste. Dispose of material according to Federal, State and Local regulations.

**Environmental Precautions:** Product administered to patients presents a negligible impact on the environment.

**Reference to Other Sections:** Refer to Sections 8, 12 and 13 for further information.

7. **Handling and Storage**

**Precautions for Safe Handling:** Avoid contact with product. Handle in accordance with product label and/or product insert information. Handle in accordance with good industrial hygiene and safety practices.

**Conditions for Safe Storage, Including Any Incompatibilities:** Store in original containers with the cap tightly closed at a controlled room temperature of 20°C – 25°C (68°F – 77°F). Store according to label and/or product insert information.

**Specific End Use:** Pharmaceuticals.

8. **Exposure Controls/Personal Protection**

**Occupational Exposure Guidelines:**

<table>
<thead>
<tr>
<th>Common or Chemical Name</th>
<th>Employee Exposure Limits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Sodium Chloride</td>
<td>Not established.</td>
</tr>
</tbody>
</table>

**Engineering Controls:** Engineering controls should be used as the primary means to control exposures. Follow standard medical product handling procedures.
Respiratory Protection: Not required for the normal use of this product. Where respirators are deemed necessary to reduce or control occupational exposures, use NIOSH-approved respiratory protection and have an effective respirator program in place (applicable U.S. regulation OSHA 29 CFR 1910.134).

Eyes Protection: Safety glasses with side shields are recommended. Face shields or goggles may be required if splash potential exists or if corrosive materials are present. Approved eye protection (e.g., bearing the ANSI Z87 or CSA stamp) is preferred. Maintain eyewash facilities in the work area.

Hand Protection: Use chemically compatible gloves. For handling solutions, ensure that the glove material is protective against the solvent being used. Use handling practices that minimize direct hand contact. Employees who are sensitive to natural rubber (latex) should use nitrile or other synthetic non-latex gloves. Use of powdered latex gloves should be avoided due to the risk of latex allergy. Wash hands before and after use.

Skin Protection: Not required for the normal use of this product. Wear protective laboratory coat, apron, or disposable garment when working with large quantities.

Contaminated Equipment: Wash contaminated clothing separately. Wash equipment with soap and water. Release rinse water into an approved wastewater system and according to Federal, State and Local regulations.

9. **Physical and Chemical Properties**

</table>
10. **Stability and Reactivity**

Reactivity: No data available.

Chemical Stability: Stable under recommended storage conditions.

Possibility of Hazardous Reactions: No data available.

Conditions to Avoid (e.g., static discharge, shock, or vibration): Extreme heat or cold.

Incompatible Materials: Strong acids, bases, alkali metals, alkali hydrides, silver preparations.

Hazardous Decomposition Products: May emit toxic fumes when heated to decomposition.

Hazardous Polymerization: Should not occur.

11. **Toxicological Information**

**Information on the Likely Routes of Exposure:**

Inhalation: May cause irritation and hypersensitivity in some individuals.

Ingestion: May cause irritation and hypersensitivity in some individuals. Ingestion of large quantities can induce gastric disturbances.

Skin Contact: May cause irritation and hypersensitivity in some individuals.

Eye Contact: May cause irritation, temporary burning sensation and hypersensitivity.

Symptoms Related to the Physical, Chemical and Toxicological Characteristics: See Section 4. To the best of our knowledge, the chemical, physical and toxicological properties have not been thoroughly investigated.

Delayed and Immediate Effects of Exposure: No data available.

**Acute Toxicity – Oral:** No data available.

**Acute Toxicity – Dermal:** No data available.

**Acute Toxicity – Inhalation:** No data available.

**Corrosivity:** No data available.

**Dermal Irritation:** No data available.

**Eye Irritation:** No data available.

**Sensitization:** No data available.

**Toxicokinetics/Metabolism:** No data available.

**Target Organ Effects:** Eyes and digestive tract.

**Reproductive Effects:** No data available.
Carcinogenicity: No data available.
National Toxicology Program (NTP): Not considered to be a carcinogen.
International Agency for Research on Cancer (IARC): Not considered to be a carcinogen.
Occupational Safety and Health Administration (OSHA): Not considered to be a carcinogen.
Mutagenicity: No data available.
Aspiration Hazard: No data available.
Chronic Effects: May cause irritation and hypersensitivity. Prolonged application can induce changes in vision.

12. Ecological Information

Ecotoxicity

Aquatic: No data available.
Terrestrial: No data available.
Persistence and Degradability: No data available.
Bioaccumulative Potential: No data available.
Mobility in Soil: No data available.
Mobility in Environment: No data available.
Other Adverse Effects: No data available.

13. Disposal Considerations

Dispose of all waste in accordance with Federal, State and Local regulations.

14. Transport Information

UN Number: Not applicable.
UN Proper Shipping Name: Not applicable.
Transport Hazard Class(es): Not applicable.
Packing Group: Not applicable.
Department of Transportation: Not regulated as a hazardous material.
International Air Transport Association (IATA): Not regulated as a dangerous good.
International Maritime Dangerous Good (IMDG): Not regulated as a dangerous good.

15. Regulatory Information

US Federal Regulations:
Toxic Substance Control Act (TSCA): Not listed.
CERCLA Hazardous Substance and Reportable Quantity: Not listed.

SARA 313: Not listed.
SARA 302: Not listed.

State Regulations

California Proposition 65: Not listed.

16. **Other Information**

Not made with natural latex.

**Revision Date:** 05/12/2015

**Revision Number:** 1

**Disclaimer:** This document is generated to distribute health, safety and environmental data. It is not a specification sheet and none of the displayed data should be construed as a specification. Information on this SDS sheet was obtained from sources which we believe are reliable, and we believe that the information is complete and accurate. However, the information is provided without any warranty, express or implied, regarding its correctness. Some of the information presented and conclusions drawn are from sources other than direct test data of the substance. The conditions or methods of handling, storage, use and disposal of the product are beyond our control and may also be beyond our knowledge. It is the user’s responsibility to determine the suitability of any material for a specific purpose and to adopt such safety precautions as may be necessary.

If the product is used as a component in another product, this SDS information may not be applicable. For these reasons, we do not assume any responsibility and expressly disclaim liability for any loss, damage or expense arising out of or in any way connected with the handling, storage, use or disposal of this product.
