Dextromethorphan HBr & Guaifenesin

Oral Solution

Cough Suppressant/Expectorant
SUGAR FREE/ALCOHOL FREE

Rev.062:01 4/13

Description: Each 5 mL (1 teaspoonful) contains:
Dextromethorphan HBr 10 mg
Guaifenesin 100 mg

Inactive ingredients: Acesulfame potassium, artificial cherry & vanilla flavor, aspartame, hypromellose, menthol, methylparaben, potassium sorbate, purified water. Citric acid may be used to adjust pH.

Uses • temporarily relieves cough • helps loosen phlegm (mucus) and thin bronchial secretions to rid bronchial passageways of bothersome mucus

Warnings

Do not use if you are now taking a prescription monoamine oxidase inhibitor (MAOI) (certain drugs for depression, psychiatric or emotional conditions, or Parkinson's disease), or for two weeks after stopping the MAOI drug. If you do not know if your prescription drug contains an MAOI, ask a doctor or pharmacist before taking this product.

Ask a doctor before use if you have • a cough that occurs with too much phlegm (mucus)

• a chronic cough that lasts or as occurs with smoking, asthma, chronic bronchitis, or emphysema

Stop use and ask a doctor if • a cough lasts more than 7 days, comes back, or occurs with fever, rash, or headache that lasts

These could be signs of a serious condition.

If pregnant or breast-feeding, ask a health professional before use.

Keep out of reach of children. In case of overdose, get medical help or contact a Poison Control Center right away.

Professional note: Guaifenesin has been shown to produce a color interference with certain clinical laboratory determinations of 5-hydroxyindoleacetic acid (5-HIAA) and vanillylmandelic acid (VMA).

Directions: • take every 4 hours • do not exceed 6 doses in 24 hours

Age	Dose
Adults & children 12 years & over	10 mL (2 teaspoonfuls)
Children 6 years to under 12 years	5 mL (1 teaspoonful)
Children 2 years to under 6 years	2.5 mL (1/2 teaspoonful)
Children under 2 years	Ask a doctor
